

## Chili Seasoning Mix

This makes one gift serving, so multiply by however many you'd like to package up.

- ½ cup chili powder
- ¼ cup ground cumin
- 2 Tablespoon garlic salt
- 2 Tablespoon dried oregano leaves
- 1 Tablespoon ground coriander
- 1 teaspoon cayenne pepper or chipotle chili powder (add more if you like spicy chili)

All you have to do is mix it up. If you are making a big batch, make sure to mix it very well so all of the spices get evenly distributed.
